## About This Content

### **An island adventure for 6th level characters in search of plunder and fame!**

The treacherous jungle island known as Crown Isle was marked on every map for danger, as the verdant vegetation itself rose up to devour many who sought landing there until the infamous Captain Jared Tarin hacked out a refuge upon the mountain's hilly crest and made it his own. Other pirates sought to take him down, but each fell to the deadly dangers of the "Red Skewer" and his pirates, or to the still-wild jungle barely held at bay. When Tarin and his crew stole the Pirate Queen's Pearl, a flotilla of rivals blockaded his island for months, but none have dared to seize their chance. Can your eager band of buccaneers claim fame and fortune on the deadly isle of Tarin's Crown?

Islands of Plunder: Tarin's Crown is a 26-page 5th Edition adventure for 6th-level PCs fraught with harrowing battles on land and aboard ship, through treacherous terrain against even more treacherous foes. It includes two sets of maps, one for the GM and an unkeyed set for players, and can be easily dropped into any seafaring 5E campaign, whether in a published pirate setting or a campaign of your own design.

The Islands of Plunder series continues Legendary Games' tradition of bringing you outstanding content for the 5th Edition of the world's most famous roleplaying game by some of the best authors in the business, combined with amazing art and production values and innovative layout design. We hope you enjoy using our products as much as we enjoy making them, and that you'll keep coming back again and again to Make Your Game Legendary!

**Welcome to Legendary Adventures**

This adventure is a part of our line of support materials for the 5th Edition of the world's most famous roleplaying game! This adventure doesn't feature any dungeons, nor any dragons for that matter, but it provides an excellent opportunity to set sail for adventure where the trade winds and sea breezes carry precious cargo and terrible danger from the spice islands to the farthest shore! It is an adventure that can easily stand on its own as a side-trek in any coastal area, bowing to classic tropes both nautical and piratical, or as part of a more extensive pirate saga in any kind of published campaign setting.

The all-star team of designers here at Legendary Games is committed to bringing you the busy GM or player-the absolute best third-party support for your 5th Edition campaign. To deliver on that commitment, we've assembled the best of the best of current gaming authors, designers, artists, and layout experts so that you can feel comfortable that Legendary Games products will be the most creative and innovative adventures and support material you can find.

**About Legendary Games**

Legendary Games is an all-star team of award-winning veteran authors and designers, founded by Clark Peterson of Necromancer Games and coordinated by Jason Nelson. Legendary Games uses a cooperative, team-based approach to bring you the best expansion material for your game. We are gamers and storytellers first, and we believe that passion shows in our products. So check us out, and Make Your Game Legendary!

The screenshot displays a game interface for a Dungeons & Dragons 5th Edition campaign. On the left, a map titled "TARIN'S CROWN" shows a green island with a grid overlay. A ship is positioned in the water to the east of the island. The map is marked with letters A through F and red pins. At the bottom of the map, several dice are visible: a d20 showing 19, a d12 showing 11, a d10 showing 1, a d8 showing 3, and a d6 showing 5. On the right, a character sheet for "Angone" is open. The sheet shows the character's name, level (15), hit points (100), and a list of ability scores: DEX 10, CON 10, INT 10, WIS 10, and CHA 10. The character has a passive Perception of 0 and is immune to poison and psychic damage. The sheet also lists two "Stone" weapons, each with a +5 attack bonus and a range of 200/800 ft. The interface includes a top navigation bar with icons for home, search, and other functions, and a bottom status bar with coordinates A:1 through A:12.

I got this module to cover me for 2.5 hours of game time and it just barely managed it.

Positives: It is pretty loosely designed and very easy to modify to meet your needs.

Negatives: It features a 175 foot pirate ship - that will sail out and engage the party's ship with a crew of 5. I know it is a fantasy product, but that doesn't mean that I am willing to completely discard reality.
